TALENTS

- Perpetually happy to learn and share
- Deep sense of empathy, which fuels my passion to craft honest and meaningful experiences for people
- Ambitious, curious and detail oriented
- Driven by the conception of new projects
- Share positive vibes to create an enjoyable working atmosphere
- Energetic collaborator, obsessed with improvements
- Embrace my defaults to turn them into qualities
- Always meet deadlines without having to be reminded

VISION

Beyond user experience lies the complexity of technical conception and its related costs.

My cross canal international challenges and experiences taught me that grasping and integrating all dimensions from the start of a project is crucial for its impact and success.

As a seasoned UX Designer, my approach is therefore based on a helicopter strategy, from global to local, from comprehensive to minor detail, bringing relevant and tailored proposals.
